

To my dearest family members: Thank you for your endless support, pep talks and so much more that got me through the PSLE period. You have inspired me to do my best.
To 6-6, thanks for the never-ending laughter in class and jokes from all of you.

To Mrs Phay, Ms Chan and Yan 老师: Thank you for everything that you have done for us and for the efforts that you have put in to equip us with the knowledge needed to face PSLE. I know we are not an easy bunch to teach and we are really grateful.
