

I am humbled to be nominated by Mdm Mohana for this award. Firstly, I would like to thank her and Mdm Ng Si Si for guiding me patiently. Next, I thank my classmates who have helped me to adjust well into the Mee Tohian culture after I was transferred here from my previous school. Lastly, I thank my family members, especially my siblings. They have made me who I am today!

Receiving this award does not mark the end of a journey. Instead, it is a motivation for me to contribute more towards the people around me.

Thank you all for making my life in Mee Toh School a memorable and meaningful one!
